

Offa Community Council Grants Policy

Offa Community Council considers applications throughout the financial year for smaller groups/charities based in Offa. Requests from larger charities for financial assistance are considered twice a year in November and March.

- Grant applications are primarily invited from community groups located within the Offa Community.
- Grant applications from groups based in Wrexham that also cover the community of Offa may also apply.
- Charities covering the whole of North Wales will also be considered.
- Larger national charities and commercial interest are ineligible from applying.
- The Community Council is unable to give financial assistance to lone individuals.
- Evidence of group constitution is required when submitting grant applications.

The annual budget for awarding grants is £10,000 and grants are awarded using the following guidance:

	Maximum award
Community groups based in Offa	£500
Community groups based in Wrexham, that operate in Offa	£500
National Charities based in N Wales	£250

An email acknowledgement is required for all grants received.

Priority will be given to groups within the Offa Community and community groups and charities that provide for residents in the Offa Community.
